Re: Application of Roman Golicz et al.

Serial No. 08/962,077

Date: September 9, 2003

Filed: September 14, 1998

Examiner: D. Bollinger

Applicant: Roman Golicz et al.

Art Unit: 3651

Title: Sheet Feeding Apparatus

Atty. No. 9534

To: Asst. Commissioner for Patents

TRANSMITTAL LETTER

1. Applicants enclose a response to the communication dated August 5, 2003.
2. Applicants enclose a check for \$55 in payment of small entity fee for one month extension of time in which to reply. Please charge any deficiency to deposit account No. 14-0711.
3. Applicants provide three copies of a substitute brief, to replace the document previously submitted.

Headings, hopefully to the examiner's satisfaction, have been inserted, notwithstanding applicants disagree that 37 CFR 1.192 mandates precise (vs. "appropriate") headings, and that, e.g., no heading nor statement is required if the party in the caption is the real party in interest.

Applicants inadvertently included a work sheet as page 8, which resulted in the redundant recital of certain claims in the appendix. That page is now deleted.

Applicants acknowledge examiner's comment about the request for reconsideration being granted. They had stated previously in the appeal brief (vs. the notice of appeal) that the amendment had been entered; and, thus have not understood in making this submittal that anything further is required.

Respectfully submitted,
ROMAN GOLICZ et al.
